

High 'N' Dry

Black Oak Arkansas

When the water is a risin' Tell me where you gonna go
When the dams are all a bustin and it's floodin' down below
And the rushin' of the river tells ya there's no place ta hide
You'll be High 'n Dry babe right by my side

High 'n Dry with the waters down below
Runnin' where they want to go
But they can't judge you no more
High 'n Dry with the waters at high tide
With you here by my side we're High 'n Dry

When the streams are all a swollen and the rivers are a swellin'
,
And you cannot find a hole in which to hide 'cept one you fell
in
And that muddy old man river tries to take you for a ride
You'll be High 'n Dry babe right by my side

High 'n Dry with the waters down below
Runnin' where they want to go
But they can't judge you no more
High 'n Dry with the waters at high tide
With you here by my side we're High 'n Dry

High 'n Dry with the waters down below
Runnin' where they want to go
But they can't judge you no more
High 'n Dry with the waters at high tide
With you here by my side we're High 'n Dry
