

Someone Something

Black Oak Arkansas

Someone is waitin' there for me. Oh, Yeah!
Someone who's been reading what I say. Yeah
She's waiting for the reason.
I can't live without her.
She's waiting for the reason.
I can't do without her in my life, in my life.

Someone Someone

And I'm never gonna see her again.
No I'm never gonna see her again.

Something I'm wishin' for is real. Oh yeah, yeah
Something I'll always have to steal. Yeah
Something I've been wanting.
I can't do without it.
There's something
That's been hauntin' me and it's got into
My soul. To my soul.
