Ayy, can I talk to you?
Girl, I seen you dancing right here with your crew
It was your smile that brought me here to you
But maybe it's the way you hid your moves
Tell me, do you have a boo?
And if not, then I wanna dance with you
You're so gorgeous that it's hard to keep my cool
But I'll keep it just to have a dance with you

Darling, tell me, can I talk to you?
I seen you dancing from across the room
And told myself I gotta know, I gotta know you
I gotta know, I gotta know you

Hey, can I walk you to
Your car and maybe we can get some food
But you won't break my heart if you decline, it's cool
But I honestly wanna end my night with you (Ayy)

Lemme know what's the deal or somethin'
I'm tryna chill or somethin', I wanna know who you are
You so fly to me, I swear it
And you got style, yo, I love the way that dress fittin', yeah
Deep convos on the late night
You smoke? We can take flight
If you don't, then that's alright
But If I have your permission
You can be the braille to my blind eyes, alright?

Can I talk to you?
I seen you dancing from across the room
And told myself I gotta know, I gotta know you
I gotta know, I gotta know you

(Da, da, da-da, da, da, da-da)
