

# Sober

bLack pARty

Darling, I know we just met  
But I knew you before  
And baby, when you hold me  
Suddenly I'm sure, time just isn't real  
And I know how I feel  
And I know how I feel

But when it all fades, when we're sober  
Will we be over, when we're sober  
I had a dream that we were riding on elephants  
A brand of love and bloom  
Our whole village thought that we were meant to be  
It felt like deja vu  
I know that it's real  
I know that it's real

Cause I know how I feel  
The butterfly effect  
Cannot make me forget  
Forget, forget

Darling, I know we just met  
But I knew you before  
And baby, when you hold me  
Suddenly I'm sure, time just isn't real  
And I know how I feel  
And I know how I feel

But when it all fades, when we're sober  
Will we be over, when we're sober  
In desert of Sahara, I saw us holding hands  
Last life as a couple  
Distant time we need still lives  
I know that it's real  
I know that it's real

Cause I know how I feel  
Cause I know how I feel  
The butterfly effect  
Cannot make me forget  
Forget, forget

Darling, I know we just met  
But I knew you before  
And baby, when you hold me  
Suddenly I'm sure, time just isn't real  
And I know how I feel  
And I know how I feel

But when it all fades, when we're sober  
Will we be over, when we're sober
