Let's go to Paris
Wake up in Egypt
Answer riddles in Jamaica
And vacate to Costa Rica
Let's go to Vegas
We'll go get married
Honeymoon in Bali
And we'll move to Southern Cali

'Cause I got that wanderlust (You know, baby we can go)
Let's go somewhere we can fall in love (You know, baby we can go)
Somewhere far from here (You know, baby we can go)
Baby, let's go far from here (You know, baby we can go)
'Cause I got that wanderlust (You know, baby we can go)
Let's go somewhere we can fall in love (You know, baby we can go)
Somewhere far from here (You know, baby we can go)
Baby, let's go far from here (You know, baby we can go)

Bangladesh, and Longkou, Hong Kong
Ooh, I wanna take you there
I wanna take you there
Summer in Nepal, Sweden in the fall
Baby, we should go someday
We should go someday
You can spend a go
Pick a place to go and I'ma take you there
And I'ma take you there
There's no time to waste
Grab your things, let's go
We're gonna go somewhere
We're gonna go somewhere

'Cause I got that wanderlust
Let's go somewhere we can fall in love
Somewhere far from here
Baby, let's go far from here
'Cause I got that wanderlust
Let's go somewhere we can fall in love
Somewhere far from here
Baby, let's go far from here
