Saviour

Black Peaks

I'm safe here
Wrapped in stone
(Be) Cause your saviour saves his own

Cause you're spreading
Under your skin
Your weakness
Can begin

You're safe here
To save Yourself
That's (be) cause your saviour
Won't save me

You're spreading
Under your skin
Your weakness
Can begin

Don't say a word
Don't say a word

Don't spread the word
Sleep beyond the sun
Don't spread the word
Sleep beyond the sun

You're spreading
Under your skin
Your weakness
Can begin

Save me
Save me

Break out through the ice again
Can you hear me call again, again
