

Touch The Sky

Black Pumas

Take me down off your pedestal
I've got a name, I've got a name
Lovers do what the lovers do
I do the same, I do the same
Let me touch the sky, brother
Let's play the game
I do my thing
'Til I'm satisfied sister
This love's everywhere, say a little prayer

I don't need nobody's pedestal
To play this game, I do my thing
'Cause lovers do what the lovers do
Let's do the same, I do the same
When we touch the sky, brother
Show me your range, child
Let's play the game, child
'Till you're satisfied, sister
Giving you my love, say a little prayer

If we touch the sky, brother
You'll hear the lovers cry, sister
'Til we're satisfied lovers
Now we're taking flight

So let's touch the sky, brother
Touch the sky, touch the sky
Let us touch the sky, oh, sister
Touch the sky, touch the sky
Touch the sky, brother
Touch the sky, touch the sky
Touch the sky, sister
Touch the sky, touch the sky
