

## Black Sabbath

I am anger  
Under pressure  
Lost it cages  
A prisoner  
The first to escape

I am wicked  
I am legion  
Strength in numbers  
A lie  
The number is one

I - I - I  
Everything that I see is for me

Yes, I am giant  
I'm a monster  
Breaking windows  
In houses  
Buildings of glass  
Rebel rebel  
Holy outlaw  
Ride together  
Don't try it  
The power's in one

I - I - I  
I am standing alone  
But I can rock you  
I - I - I  
On the edge of the blade  
But the knife can't cut the hero down

I am virgin  
I'm a whore  
Giving nothing  
The taker  
The maker of war  
I'll smash your face in  
But with a smile  
All together  
You'll never  
Be stronger than me

I - I - I  
Right here on my own  
But I still rock you  
I - I - I  
Don't follow behind  
Just leave me on the outside  
I - I - I  
I am standing alone  
But I can shock you  
I - I - I  
On the edge of the blade  
But no one makes the hero bleed

I am hunger  
Feed my head  
All together  
You'll never  
Never make the hero bleed
