

# Isolated Man

Black Sabbath

I like being alone  
I'd like to stay in my room all day and night  
Don't like to talk on the phone  
So please forgive me while I just turn off the light

Don't wanna see nobody  
Ever and ever again  
Don't you feel sorry?  
I'm just a crazy, isolated man

I know me better than you  
I hate to hear another persons screaming voice  
What are you trying to do?  
Leave me alone!  
I won't be anymore in cries

Don't wanna see nobody  
Ever and ever again  
I'm not in any hurry  
I'm just a crazy, isolated man

Why don't you leave me alone?  
'Cause there's nothing more I wanna say!  
Thank you for caring but I'll be alright  
Now will you understand and go away!?  
Don't have a problem living in my room because it's where I really wanna be  
So please forgive me if you think I'm strange but I just wanna spend my life with me!

Don't wanna see nobody  
Ever and ever again  
Don't you feel sorry?  
I'm just a crazy, isolated man

Don't wanna see nobody  
Ever and ever again  
I'm not in any hurry  
I'm just a crazy, isolated man
