

# Slipping Away

Black Sabbath

Slipping away, just a heartbeat from disaster  
Nothin' to make me stay  
Close your eyes and I'll be gone  
Turn the page  
Got to start another story  
Slipping away, slipping away  
Time to move along, no reason to stay  
Not when I'm slipping away

Said now look at yourself  
You've been runnin' me in circles  
'Round and 'round you go  
You're a song without an end  
Can you alight, yeah  
From the city of the gypsies  
Runnin' away, slippin' away  
Right behind the plow

Slippin' away, slippin' away  
Nobody to pay  
Look out, 'cause I'm slipping away

Droppin' the glass  
I won't leave you my reflection  
I'll kiss you without a fact  
No more road to turn me bad  
Tell me you will  
Just don't question my direction  
Breakin' away, slippin' away  
Waiting to find yourself...

Slippin' away, slippin' away  
Nobody to pay  
Look out 'cause I'm slippin' away  
No more running in a circle  
It's time to move along  
'Round, 'round, 'round we go,  
Stuck without an inch, so I'm slippin' away  
Slipping away!
