

## Warning

Black Sabbath

Now the first day that I met ya  
I was looking in the sky  
When the sun turned all a blur  
And the thunderclouds rolled by  
The sea began to shiver  
And the wind began to moan  
It must've been a sign for me  
To leave you well alone  
I was born without you, baby  
But my feelings were a little bit too strong

You never said you love me  
And I don't believe you can  
Because I saw you in a dream  
And you were with another man  
You looked so cool and casual  
And I tried to look the same  
But now I've got to know ya  
Tell me who am I to blame?  
I was born without you, baby  
But my feelings were a little bit too strong

Now the whole wide world is moving  
Because there's iron in my heart  
I just can't keep from crying  
Because you say we've got to part

Sorrow grips my voice as I stand here all alone  
And watch you slowly take away  
A love I've never known  
I was born without your favor  
But my feelings were a little bit too strong  
Just a little bit too strong
