Black Sherif

What's the matter who e vex
Say we up and running ne ye true flex
Conversations back in them days ye se who's next
Had my index on my lips first
'Cause my sister who cares
If I was sitting with no action like a true mess
Zero motion shaking nothing where's the pull breh
Where's the cool girls the cool bread and the movements and
No shade me Nyame you won't get am
Ma try ma hwe I'm stuck with him for life
Same hunger since the new years eve
Impossible ye aboabi story cyan deny cyan deny

Me no meye dreamer, dreamer boozin double up as a known sinner
Mr Piecer trapped in ne me thinker doers
Screaming action action action liberating
Me no meye dreamer, dreamer boozin double up as a known sinner
Mr Piecer trapped in ne me thinker doers
Screaming action action action liberating

Come on you know how it go
We in the city with some love not dirty vibes
And couple of cedis fill my pocket hallelujah
Me san wo reasons to keep up with the trap
Up the roof nkoaa na we go
Me nsan m'akyi metu ko soro saa neverland
And sabali ntoboasee nkoaa mess Jack
Me enemies are getting bitter and bitter

Me no meye dreamer, dreamer boozin double up as a known sinner
Mr Piecer trapped in ne me thinker doers
Screaming action action action liberating
Me no meye dreamer, dreamer boozin double up as a known sinner
Mr Piecer trapped in ne me thinker doers
Screaming action action action liberating
