

Ain't the End of the World

Black Star Riders

Well, they said you were no good for me
That you would bring me down to your level
They said you would drag me through the mud
And tarnish my name forever

Sometimes you gotta take the rough with the smooth
I kinda like all your rough edges
Playing safe is only playing
And I kinda like getting dangerous

The next time that rains let's walk home in the wet
Cuz you're great at making choices
That I'll live to regret

If it ain't the end of the world
If it ain't the end of the world
If it ain't the end of the world
It's the end of you and me

Well, they said I was wasting my time
But it was my time to waste
They said you were foolin' around
What's one more fool around this place?

Vengeance never made me happy
Guess I was never hurt enough
My heart bleeds a little faster
There's no tourniquet for love

The next time that rains let's walk home in the wet
Cuz you're great at making choices
That I'll live to regret

If it ain't the end of the world
If it ain't the end of the world
If it ain't the end of the world
It's the end of you and me

The next time that rains let's walk home in the wet
Cuz you're great at making choices
That I'll live to regret

You know they said you were no good for me
That you would bring me to your level
They said you would drag me through the mud
Tarnish my name forever

If it ain't the end of the world
If it ain't the end of the world
If it ain't the end of the world
It's the end of you and me
If it ain't the end of the world
If it ain't the end of the world
If it ain't the end of the world
It's the end of you and me
