Black Star

"What'd you do last night?"  
"We did umm, two whole cars  
It was me, these, and Main Three right?  
And on the first car in small letters it said  
"All you see is" and then you know  
Big, big, you know some block silver letters  
That said "crime in the city" right?"  
"It just took up the whole car?"  
"Yeah yeah, it was a whole car and shit..."  
Escuchela

The new moon rode high in the crown of the metropolis  
Shining, like who on top of this?  
People was hustling, arguing and bustling  
Gangsters of Gotham hardcore hustling  
I'm wrestling with words and ideas  
My ears is picky, seeking what will transmit  
The scribes can apply to transcript, yo  
This ain't no time where the usual is suitable  
Tonight alive, let's describe the inscrutable  
The indisputable, we New York the narcotic  
Strength in metal and fiber optics  
Where mercenaries is paid to trade hot stock tips  
For profits, thirsty criminals take pockets  
Hard knuckles on the second hands of working class watches  
Skyscrapers is colossus, the cost of living  
Is preposterous, stay alive, you play or die, no options  
No Batman and Robin, can't tell between  
The cops and the robbers, they both partners, they all heartless  
With no conscience, back streets stay darkened  
Where unbeliever hearts stay hardened  
My eagle talons stay sharpened, like city lights stay throbbing  
You either make a way or stay sobbing, the Shiny Apple  
Is bruised but sweet and if you choose to eat  
You could lose your teeth, many crews retreat  
Nightly news repeat, who got shot down and locked down  
Spotlight to savages, NASDAQ averages  
My narrative, rose to explain this existence  
Amidst the harbor lights which remain in the distance

So much on my mind that it can't recline  
Blasting holes in the night til she bled sunshine  
Breathe in, inhale vapors from bright stars that shine  
Breathe out, weed smoke retrace the skyline  
Heard the bass ride out like an ancient mating call  
I can't take it y'all, I can feel the city breathing  
Chest heaving, against the flesh of the evening  
Sigh before we die like the last train leaving

Breathing in deep city breaths, sitting on shitty steps  
We stoop to new lows, hell froze the night the city slept  
The beast crept through concrete jungles  
Communicating with one another  
And ghetto birds where waters fall  
From the hydrants to the gutters  
The beast walk the beats, but the beats we be making  
You on the wrong side of the track, looking visibly shaken

Taken them plungers, plunging to death that's painted by the numbers  
With crime unapplied pressure, cats is playing God  
But having children by a lesser baby mother but fuck it  
We played against each other like puppets, swearing you got pull  
When the only pull you got is the wool over your eyes  
Getting knowledge in jail like a blessing in disguise  
Look in the skies for God, what you see besides the smog  
Is broken dreams flying away on the wings of the obscene  
Thoughts that people put in the air  
Places where you could get murdered over a glare  
But everything is fair  
It's a paradox we call reality  
So keeping it real will make you casualty of abnormal normality  
Killers Born Naturally like, Micky and Mallory  
Not knowing the ways'll get you capped like an NBA salary  
Some cats be emceeing to illustrate what we be seeing  
Hard to be a spiritual being when shit is shakin what you believe in  
For trees to grow in Brooklyn, seeds need to be planted  
I'm asking if y'all feel me AND THE CROWD LEFT ME STRANDED  
My blood pressure boiled and rose, cause New York niggaz  
Actin spoiled at shows, to the winners the spoils go  
I take the L, transfer to the 2, head to the gates  
New York life type trife the Roman Empire state

So much on my mind I just can't recline  
Blasting holes in the night til she bled sunshine  
Breathe in, inhale vapors from bright stars that shine  
Breathe out, weed smoke retrace the skyline  
Yo don't the bass ride out like an ancient mating call  
I can't take it y'all, I can feel the city breathin  
Chest heaving, against the flesh of the evening  
Sigh before we die like the last train leaving

Escuchela, respirando ?  
Yo, on The Amen, Corner I stood looking at my former hood  
Felt the spirit in the wind, knew my friend was gone for good  
Threw dirt on the casket, the hurt, I couldn't mask it  
Mixing down emotions, struggle I hadn't mastered  
I choreograph seven steps to heaven  
And hell, waiting to exhale and make the bread leavened  
Veteran of a cold war It's Chica-I-go for  
What I know or, what's known  
So some days I take the bus home, just to touch home  
From the crib I spend months gone  
Sat by the window with a clutched dome listening to shorties cuss long  
Young girls with weak minds, but they butt strong  
Tried to call, or at least beep the Lord, but didn't have a touch-tone  
It's a dog-eat-dog world, you gotta mush on  
Some of this land I must own  
Outta the city, they want us gone  
Tearing down the 'jects creating plush homes  
My circumstance is between Cabrini and Love Jones  
Surrounded by hate, yet I love home  
Ask my God how he thought traveling the world sound  
Found it hard to imagine he hadn't been past downtown  
It's deep, I heard the city breathe in its sleep  
Of reality I touch, but for me it's hard to keep  
Deep, I heard my man breathe in his sleep  
Of reality I touch, but for me it's hard to keep

So much on my mind I just can't recline  
Blasting holes in the night til she bled sunshine  
Breathe in, inhale vapors from bright stars that shine

Breathe out, weed smoke retrace the skyline  
Yo how the bass ride out like an ancient mating call  
I can't take it y'all, I can feel the city breathing  
Chest heaving, against the flesh of the evening  
Kiss the Ide's goodbye, I'm on the last train leaving
