## Black Stone Cherry

You're broken and you're bruised  
You feel at home to lose  
You hate the way you feel  
When you know you can't be you

Sacrificial living  
Honesty forgiven  
Oh no  
A critical position  
Irrational decisions  
Stand tall  
Don't fall

Every time we die  
We come back to life  
I'll see you again  
With wings from the fire  
We fly even higher  
And do it again

You're lost and so confused  
From a choice you couldn't choose  
I know just how it feels  
'Cause I felt that somewhere too

Time won't ever do it  
Gotta get to movin'  
Yourself  
No one else  
This is how we do it  
Run our way straight through it

Every time we die  
We come back to life  
I'll see you again  
With wings from the fire  
We fly even higher  
And do it again

Every time that we die  
Don't you know  
From the ashes  
We will rise  
We will rise, we will rise, we will rise  
Together, oh  
Again, and again, and again, and again

Every time we die  
We come back to life  
I'll see you again  
With wings from the fire  
We fly even higher  
And do it again

Every time we die  
We come back to life  
And do it again

With wings from the fire  
We fly even higher  
And do it again
