

Down In The Bottom

Black Stone Cherry

Now, baby, meet me in the bottom, bring me my running shoes
Now meet me in the bottom, bring me my running shoes
Well, I'll come out the window, I won't have time to lose

You see me streaking by, baby, don't be late
Say you see me streaking by, baby, don't be late
I got to keep moving on, cause my life's just stake

She got a bad old man and I'm too young to die
She got a bad old man and I'm too young to die
I am gonna do it, I'mma keep on moving back
