

## James Brown

### Black Stone Cherry

Just like James Brown!

In time to write a rhyme to reach  
Get'cha new procedure  
Need a soul to preach to  
Get me a soul to preach to, ah

Don't want, but you know I'm needed  
Gets ya on your feet  
'Stead of tryin' to beat it  
I am not defeated, ah

Well let me talk at you, baby

Hot damn, you move just like magic  
So hip that it's tragic  
(Well lookie here, let me break this down)  
(I feel good, just like James Brown)  
Heart-breaker got me a-ramblin'  
Like I've been time travellin'  
(A back-beat to the funky sound)  
(I'm a ghost, just like James Brown)

We have time to find a way to say it  
Said rewind, replay it  
'Til it's sex or rated  
Until it's sex for ratings

My, my so we're going under  
You're the Eighth Wonder  
Baby, I'm the hunter  
Well call me their hunter

Yeah now, baby!  
Well let me talk at you, baby

Hot damn, you move just like magic  
So hip that it's tragic  
(Well lookie here, let me break this down)  
(I feel good, just like James Brown)  
Heart-breaker got me a-ramblin'  
Like I've been time travellin'  
(A back-beat to the funky sound)  
(I'm a ghost, just like James Brown)

I'm about to say something funky, babe!

Hot damn, you move just like magic (move just like magic)  
So hip that it's tragic (it's tragic)  
(I feel good, I knew I would, now!)

Hot damn, you move just like magic  
So hip that it's tragic  
(Well lookie here, let me break this down)  
(I feel good, just like James Brown)  
Heart-breaker got me a-ramblin'  
Like I've been time travellin'

(A back-beat to the funky sound)  
(I'm a ghost, just like James Brown)

(I feel good, baby  
Like I knew I would, ooh!)

Just like James Brown!

Just like James Brown!

I'm gonna be your sex machine, baby  
Just like James Brown, Brown, Brown, Brown, Brown
