Revolutionize

Black Stone Cherry

Here is what's wrong with the world today
They try to take god and your guns away

You take the breath of an unborn life
How in the hell do you sleep at night?

I can't take this anymore
The world's been turned into a whore
Cheap lies, we've been hypnotized
Peace and love forever more
The perfect way to end a war
Open eyes, revolutionize

Right side and left side are doing the dance
We're caught in the middle just give us a chance

I'm red and white and I'm blue in the face
So sick of waiting for this so called change

I can't take this anymore
The world's been turned into a whore
Cheap lies, we've been hypnotized
Peace and love forever more
The perfect way to end a war
Open eyes, revolutionize

The world's at war it's such a shame
The selfishness that led us here today

We've been here before it's hell out there
A consequence for every move that's made

I can't take this anymore
The world's been turned into a whore
Cheap lies, we've been hypnotized
Peace and love forever more
The perfect way to end a war
Open eyes, revolutionize
