

# Divided/United

Black Swan

Been given everythin' under the sun  
Hmmm guess you want it all before your time is done, oh yeah  
You'll never see it's your own impatience that gives it away  
No you're never to blame but you've crossed the line

We are so divided can't you see  
We are so divided tragically  
I know that the road we've taken  
Won't end if our hope is shaken  
We're so divided it's killin' me

Why does everyone's pain always turn you to stone  
Oh are you really afraid you're gonna end up alone, oh yeah  
If your feelings are ordinary then blind meet the blind  
But it's not what you say it's that we're all out of time

We are so divided can't you see  
We are so divided tragically  
I know that the road we've taken  
Won't end if our souls are breakin' down  
We're so divided it's killin' me

Cos we are divided  
Oh we're so undecided

I've had enough of indecision  
It's time to come alive again  
Been fast approaching fighting in the streets  
It's hard to believe but now I can see  
We've opened the door

We are united standing up as one  
We are united you're not the only one  
We are united and in place not just rats in a race  
All disconnect that we'll reject in anything we face  
We are united  
We are united united united  
We are united

Open the door and let the human race  
Come together face to face

Why don't you open the door and let the human race  
Come together face to face

Cos we are united united united  
We are united
