

How Do You Feel

Black Swan

You can't hurt my feelings 'cause they're asleep right now
And I don't think it's fair to be this cruel somehow
You're not always right in everything you say
Just because you got the last word
Don't give you the right to walk away
Idle whispers you know they'll have their day
So take a note go ahead and write it
Tell me everything about it yeah
Oh yeah

How do you feel about someone that matters
How do you feel
What would you do if our lives were in tatters
How do you feel about me

You can't keep a secret 'cause everyone I see
Has had a conversation about you and me
Telling me they're sorry and hope that I move on
Once again you got the last word
Leavin' me without a leg to stand on
And though they whisper I hear everything they say
I found a note with your name on
So all I got to do is say shame on you
Shame on you

How do you feel about someone that matters
How do you feel
What would you do if our lives were in tatters
How do you feel about me

Beg, steal or borrow
You'll have tomorrow
To trust the light of love
Like an angel from above
You'll find another and she'll be your treasure
You'll see yeah yeah yeah

How do you feel about someone that matters
How do you feel
What would you do if our lives were in tatters
How do you feel about me

How do you feel
Nothing else matters
Trust the light of love
How do you feel about me
How do you feel about me
