

## Into The Sky

Black Tide

Every night I pray for a dream  
You start in  
And every night I pray for a chance  
You'll be there when I wake.

The truth of it is  
Nothing I do will bring you back  
So I'm waiting for my ride up into the sky.

And I will meet you there  
I will meet you there  
And I will meet you there  
I will meet you there

You left such a strong resonance  
Just to feel you all around  
I know you're watching over us  
Like the angel you've always been

The truth of it is  
Nothing I feel will bring you back  
So I'm waiting for my ride up into the sky

And I will meet you there  
I will meet you there  
And I will meet you there  
I will meet you there

I love you so much more than just the heart beating in my chest  
I love you so much more than just this heart.  
I love you so much more than just the heart beating in my chest  
I love you so much more than just this heart.

The truth of it is  
Nothing I feel will bring you back  
So I'm waiting for my ride up into the sky

And I will meet you there (in the sky)  
I will meet you there  
And I will meet you there (in the sky)  
I will meet you there

(And I will meet you there) I love you so much more than just this heart  
(I will meet you there)  
(And I will meet you there) I love you so much more than just this heart  
(I will meet you there)

In the sky  
In the sky  
I'll meet you there
