

Lost In The Sound

Black Tide

Not everybody has a place to call their home,
(their home)
They walk this earth with their shoulders down and faded hope,
(fading hope)

Let's bring their faith back,
let's make them believe yea what we believe,
(believe)

We can change this,
we can make things alright,
just get lost on the sound,
HEEEEEEEEEY!

Not every kid has got a bed to call their own,
(their own)

I lay there and think about this and wonder if,
(wonder if)

We can bring their faith back,
can we make them believe,
yea what we believe,
(believe)

We can change this,
we can make things alright,
just get lost in the sound,
HEEEEEEEEEY!

We'll change it!,
we'll make it alright,
just get lost in the sound,
YEEEEEEEEEA!

Hey, leave your troubles behind
get lost in the sound, yea [X2]

We can change this,
we can make things alright,
just get lost in the sound,
HEEEEEEEEEY!
we'll change it!,
we'll make it alright,
just get lost in the sound,
YEEEEEEEEEA! [X2]

(yea we can change this with a little more time we'll make everything
alright) [X2]
