

Take It Easy

Black Tide

I really need a little time to breathe so slow down don't rush
It's really not a simple as you think
Don't rush something like this, let's take it easy
Yeah

We don't know where we will stand tomorrow
And if all these thing we feel will fade, fade away
Though this feels different I don't know how sure I am
I need to take a second cause I'm, starting to wonder

Where will be 5 years from now
What will this mean 5 years from now

I really need a little time to breathe so slow down don't rush
It's really not a simple as you think
Don't rush something like this, let's take it easy
Yeah

Life is a gamble so enjoy what you have
I live in the moment cause I don't want to worry
About tomorrow oh oh oh oh were only here once

Where will be 5 years from now
What will this mean 5 years from now

I really need a little time to breathe so slow down don't rush
It's really not a simple as you think
Don't rush something like this, let's take it easy
Yeah

Speeding through me please slow down
We have a lifetime, to fulfill our dreams to meet our goals
Please slow down (2x)

Take it easy (2x)

You're pushing me away yeah, you're pushing me away yeah
Cause I don't need to rush and I don't need mess

I really need a little time to breathe so slow down don't rush
Don't rush, don't rush

I really need a little time to breathe so slow down don't rush
It's really not a simple as you think
Don't rush something like this, let's take it easy
Yeah (2x)
