

# Embrace the Madness

**Black Tusk**

Time is coming  
Heed the sound  
Rip your face off  
Thrash around

No use fighting  
You can't run  
Bursting through you  
Like a gun

Storm is brewing  
No control  
Embrace the madness  
In your soul

Black to black  
Tusk to tusk  
Ashes to ashes  
Dust to dust

Make your ears bleed

Crash of thunder  
Summon rain  
Thrash the stage  
Into flames
