

Leaving To Zion

Black Uhuru

If tomorrow,
I was leavin' to zion,
then I wouldn't stay a minute more,
cause dis ways of life jah jah children livin',
let anyone hurt their souls,

so the pagan not,
who divide the jah jah children,
soon or later you will see divided they'll fall,
cause,

some a rock, some a loot, some a shoot,
some a rock, some a loot, some a shoot,
some a rock, some a loot, some a shoot,
tell you them a rock,
some a loot some a shoot

I&I the happy warrior slave,
returnin' with good news today,
from my jamaican people,
to my African nation,

if tomorrow I was leavin to zion
then I wouldn't stay a minute more,
dis ways of life I am livin',
let anyone hurt their souls

If tomorrow, I was leavin' to zion,
then I wouldn't stay a minute more,
cause dis ways of life jah jah children facin' ,
let anyone hurt their souls,

why left struggle I&I been through

is with the counter fi blackman
who betray his homeland
through the metal call money
and it is very funny

I philosophy did inspired I&I
to track mount Zion way

if tomorrow I was leavin to zion
then I wouldn't stay a minute more,
cause dis ways of life I am livin', oh yeah
let anyone hurt their souls

My culture is going stronger
and I hope I never surrender

You take the lion From the flag of Africa,
Because you want to pray to the Dragon
oh no no no
