

Crown Of Thorns

Black Veil Brides

7 years have come & gone
All that's left are scriptures songs
Livin' with the pieces of my memory
& now gone all the dyin' and kill all the blamed and hoped
When Moses dies who is left to hide the moonlight?

I will walk through hell in these words I've fell
Striving into your arms
With this crown of thorns
With my crown of thorns

Drag me into sky black lungs, give you hope to rise above
& I watch you wonder who I had to be
& I'm not the Messiah & I can't feel broken hope
I'll give you my life and my pride to live through tonight

I will walk through hell in these words I've fell
Striving into your arms
With this crown of thorns
With my crown of thorns

Faith incumbent through the darkness
Sins of comin' we've become of

I will walk through hell in these words I've fell
Striving into your arms
With this crown of thorns
With my crown of thorns
