Torch

Black Veil Brides

(Oh, oh-oh ohh...)
(Oh, oh, ohh...)
(Oh, oh-oh-ohh...)
(Oh, oh, ohh...)
(Oh, oh-oh ohh...)
(Oh, oh, ohh...)
(Oh, oh-oh-ohh...)
(Oh, oh, ohh...)

Every day
Cry out for the pain
Doesn't matter anymore if what we say is true...
It happened if I say it...!
Your picture as I paint it...!
I have made the universe the way I wanted to...!

(Oh, oh-oh ohh)
(Oh, oh-oh ohh)

Will you burn down
When I ignite the torch...?
In the moonlight
Playing your final march...!
Catching fire
Taking in broken hearts...
To live is to lie
So light the torch

Kneel and pray
What's the world today?
And who's the holy one that I can kill to stay alone?
And if I take them down...!
Will my lies be found...?
Deep inside the sun
My words become a gun...!

Will you burn down
When I ignite the torch...?
In the moonlight
Playing your final march...!
Catching fire
Taking in broken hearts...
To live is to lie
So light the torch

Every day
Cry out for the pain
Doesn't matter anymore if what we say is true...

Will you burn down
When I ignite the torch?
In the moonlight
Playing your final march...!
Catching fire
Taking in broken hearts...
To live is to lie
So light the torch...!

(Hold the torch...!)
(Feel the warmth...!)
(Oh, oh-oh-ohh...)
(Oh, oh, ohh...)
(Feed the flames...!)
(Congregate...!)

To live is to lie
So light the Torch
