

# Wake Up

## Black Veil Brides

Oh oh oh, oh oh oh, wake up  
Oh oh oh, oh oh oh, wake up

All we know is time  
That's slipping from our lives  
A world that kept the truth  
Hidden in the lies  
Standing on a stage  
Bleeding out our youth  
Create a holy war  
And sell it back to you

We'll shout it from the tallest building

We won't let them turn away  
We'll show them what they've made  
We'll be here when their heart stops beating  
We, the nation of today  
Our hopes that never fade  
We'll be here when their heart stops beating

Oh oh oh, oh oh oh, wake up  
Oh oh oh, oh oh oh, wake up

See it in our eyes  
That we were never blind  
I will fight for you  
Until the day I die

We'll shout it from the tallest building

We won't let them turn away  
We'll show them what they've made  
We'll be here when their heart stops beating  
We, the nation of today  
Our hopes that never fade  
We'll be here when their heart stops beating

We won't let them turn away  
We'll show them what they've made  
We'll be here when their heart stops beating  
We, the nation of today  
Our hopes that never fade  
We'll be here when their heart stops beating

We won't let them turn away  
We'll show them what they've made  
We'll be here when their heart stops beating  
We, the nation of today  
Our hopes that never fade  
We'll be here when their heart stops beating

Oh oh oh, oh oh oh, wake up  
Oh oh oh, oh oh oh, wake up  
Oh oh oh, oh oh oh, wake up  
Oh oh oh, oh oh oh, wake up
