Ashes of Angels

Did I do wrong To hurry on... Things moving so fast I couldn't hold on? I'm the kind of fool That gets offended when I'm lied to Deep breath no shock When everybody tries to

We could see stars Walk on rainbows And yet we drive through The ashes of angels

Have you heard the one about me? It's not funny And no-one's laughing But everybody knows it

We could see stars Walk on rainbows And yet we drive through The ashes of angels

You didn't know what you had 'Til it was gone How many times do We get to hear that song? That song that that song "I didn't mean to do wrong"!

Black
