

Cold Chicken Skin

Black

Shirt's all torn and I'm lame
If I try to smile (it) hurts my face
All I hear is complaint but who left this mess on my plate?

Oh I will fade away on...watch my hair turn grey on
Cold chicken skin and dog tail soup
Tell me is that all I'm worth to you?
Cold chicken skin and dog tail soup
Is that all that I bring you?

Inside out from cocaine
Got a bird on a rush in your brain
Wild eyed singing your song
Calling out my name like you're pulling it along

Yo yo look on your face
What you got in that bag, hair and nails?
What's that splashed on the walls?
The top half of a dog
And that's all...
