

PARADE

Black

Go home
Lie down
Breathe in
Breathe out
Be here
Look up
Feel safe
Feel warm

As all the stars are free to die
All the birds are free to fly
Tied to the sky
Til all the stars and birds are gone
Walk on , walk on
Breathe in , breathe out

As all the stars are free to die
All the birds are free to fly
Tied to the sky

We gather up the dreams we need to fly
But leave with nothing
We leave with nothing

Walk on , walk on
Be here
Lie down
Breathe in
Breathe out
Be here
Look up
Walk on.....
