

# Broken Hearted

Blackbear

Yeah, she's a loaded gun  
With no room to run  
She don't got nobody  
She's making her way in the USA  
She making money  
She's a hurricane  
You can tell by the way she moves her body  
She'll chew you up and spit you out  
And leave your heart inside her mouth  
Swallow the pride you keep inside  
(Swallow the pride you keep inside)  
Just like everybody

Sometimes her name is Heroin  
I never let her in  
Sometimes her name is Hollywood  
Sometimes I think I should  
Turn and run away cause every day her name is Heartbreak  
Heartbreak

Everybody somebody's gonna break your heart (4x)  
Cause everybody is brokenhearted

She's a smooth disease  
Made to please and keep you coming  
And she's on her knees  
But you better believe she'll keep on running  
And she's a closet freak  
She'll beg and plead  
Til you're left with nothing  
She'll talk the talk if you cry the cry  
She'll keep the change and leave you dry

Sometimes her name is Heroin  
I never let her in  
Sometimes her name is Hollywood  
Sometimes I think I should  
Turn and run away cause every day her name is Heartbreak  
Heartbreak

Everybody somebody's gonna break your heart (4x)  
Cause everybody is brokenhearted

Sometimes her name is Heroin  
I never let her in  
Sometimes her name is Hollywood  
Sometimes I think I should  
Turn and run away cause every day her name is Heartbreak  
Heartbreak

Everybody somebody's gonna break your heart (4x)  
Cause everybody is brokenhearted

Everybody (2x) somebody's gonna break your heart  
Cause everybody's brokenhearted (7x)
