

# broken world

Blackbear

Laying wide awake, I'll be sleeping 'till noon  
People always saying to get well soon  
Smiles in the pictures we use to take  
I think of better times and better days  
I just want the pain to go away  
But when I close my eyes, I see your face  
With this gravity, I'm feelin' like a stranger in my skin  
It pulls me further down to hell when I let my demons win

In a broken world, where are you now?  
Where are you now?  
I'm tired of this world pushin' me down  
Pushin' me down  
Don't know how much I can take  
This lonely heart was built to break  
In a broken world, where are you now?  
Where are you now?

Where are you now? Where are you now?  
Where are you now? Where are you now?

Layin' all alone in this empty bed  
Can't take back all the things we've said  
Anxiety creepin', it's bad again  
I wonder if it's all just in my head  
I can feel the pain, I'm broken in bed  
I been stuck in the static you left  
And this gravity, I'm feelin' like a stranger in my skin  
It pulls me further down to hell when I let my demons win

In a broken world, where are you now?  
Where are you now?  
I'm tired of this world pushin' me down  
Pushin' me down  
Don't know how much I can take  
This lonely heart was built to break  
In a broken world, where are you now?  
Where are you now?

Where are you now? Where are you now?  
Where are you now? Where are you now?

This broken world, you can tell  
It's gonna send me to hell  
The conversations I have  
Are getting harder to sell  
This broken world you can see  
It's getting normal for me  
To never vacate my room  
It's getting harder to breath

Sick, sad and lonely  
I need someone to hold me  
I miss all my homies  
We've grown apart so slowly

In a broken world, where are you now?

Where are you now?  
I'm tired of this world pushin' me down  
Pushin' me down  
Don't know how much I can take  
This lonely heart was built to break  
In a broken world, where are you now?  
Where are you now?

Where are you now? Where are you now?  
Where are you now? Where are you now?

Don't know how much I can take  
This lonely heart was built to break  
In a broken world, where are you now?  
Where are you now?
