

Emily

Blackbear

(in the light of the city
in the light of the city)

in the light of the city, your legs around my neck
i'm taking you with me, wherever i go next
in the light of new york, from a dusty window
tonight i'm yours, tonight i'm yours

oh i know, she gon' make me work for it
but girl, if you want me, i'm yours tonight, baby
if you want me, i'm yours tonight, baby
if you want me, i'm yours
i'm yours tonight

i got a little bit of blow
i know you usually don't fuck with uppers
i got a place that we can go
i know vacation make a pretty girl so fun
and i just got back from nyc
i hit a lick and now i'm rich as fuck, girl
if you take a little hit of this, i know you gon' feel right

oh i know, she gon' make me work for it
but girl, if you want me, i'm yours tonight, baby
if you want me, i'm yours tonight, baby
if you want me, i'm yours
i'm yours tonight

in the light of the city, your legs around my neck
i'm taking you with me, wherever
i'm yours tonight
in the light of new york, from a dusty window
tonight i'm yours, tonight i'm yours
