

Feel You

Blackbear

You don't gotta give me all your love, all your love
I just wanna feel you
Just wanna feel you babe
You don't gotta open up
Tell me I'm the one
I just wanna keep it real with ya
I just wanna, I just wanna
Feel you now
I just wanna feel you now
I just wanna feel you now
I just wanna keep it real now
I just wanna feel you, feel you
Keep it real with ya
I just wanna feel you now
Can you give me all your love, all your love
Cause I just want the real you
I just want the real you
She unfolds now
All the feelings start to pour out
She take off her clothes now, the truth
And nothing, but the truth
I just wanna feel you now
I just wanna feel you now
I just wanna feel you now
I just wanna keep it real now
I just wanna feel you, feel you
Keep it real with ya
I just wanna feel you now
Can you give me all your love, all your love
I just wanna feel you
Just wanna feel you babe
You don't gotta open up
Tell me I'm the one
I just wanna keep it real with ya
I just wanna (I just wanna)
