

## Help

Blackbear

Lately, I've been thinking 'bout checking myself into rehab, woof  
And lately, I've been drinking too much  
Sniffing yak out a dimebag  
I've been taking these pills  
That this doctor prescribed  
But they don't get me high  
Like they used to  
And maybe it's time for divine intervention  
But fuck it, I'll die how I want to

How I want to, how I want to  
Get high if I want to  
Fly where I want to, I do  
What I want to  
Take your girl if I want to  
Fuck her how you want to  
I do, whatever it is I wish to

Lately, I've been waking up to these sounds of these sirens and gunshots, wo  
of  
And lately, I've been going to sleep with my head fucking pounding, ow  
I've been taking my time  
With these women around  
Cause I don't fucking doubt  
They want babies  
And maybe it's time to go check myself in  
But fuck it, I'll die going crazy

How I want to  
Like we all do

How I want to, how I want to  
Get high if I want to  
Fly where I want to, I do  
What I want to  
Take your girl if I want to  
Fuck her how you want to  
I do, whatever it is I wish to

I, I do, whatever I want to  
Oh yeah

What's up, Bear?  
I've been worrying about you lately, man  
I was lookin' at some of your pictures  
You was lookin' a little crazy, man  
Your eyes was hazy, man  
And it's cool to have fun  
But maybe think for just once  
How your girl would feel if she lost her baby, man  
You know, we need you 'round for a while  
You really make fly music  
I used to hide my pain in drugs  
I hope that's not what you're doin'  
You should maybe try somethin' different  
Other than prescriptions  
Like findin' religion or designin' a vision

It's your decision

How I want to, how I want to  
Get high if I want to  
I'm worried about you, Bear  
Fly where I want to, I do  
What I want to  
Take your girl if I want to  
Fuck her how you want to  
I do, whatever it is I wish to

I, I do, whatever I want to  
Oh yeah
