

LOSING YOU

Blackbear

I feel like, feel like, feel like
I'm losing you, I'm losing you, I'm losing you
Feel like, feel like, feel like
I'm losing you, I'm losing control

I usually don't text my exes
Nostalgia, you're so damn depressing
I usually don't sip on Texas
No excuse, but I been fuckin' stressin'
I feel like I got everything
What do I really have in my possession?
Why you try to give your heart and your lungs?
You only gon' be broken and breathless
(You only gon' be broken and breathless)

Feel like, feel like, feel like
I'm losing you, I'm losing you, I'm losing you
Feel like, feel like, feel like
I'm losing you, I'm losing control
I'm losing you, I'm losing control

I usually don't fuck with nobody
You got me under your control
When you left, you left with all of these questions
If you really love me, let me go
Why you movin' on so reckless?
I feel like everything's moving slow
I'm only left broken and breathless
So why'd I give my heart and my soul?
(So why'd I give my heart and my soul?)

Feel like, feel like, feel like
I'm losing you, I'm losing you, I'm losing you
Feel like, feel like, feel like
I'm losing you, I'm losing control
I'm losing you, I'm losing control

You try to give your heart and your lungs
You only gon' be broken and breathless
