Madeline

Blackbear

Yeah
I could tell she's tongue tied, when she looks at my eyes
It's alright, gonna be alright
You belong to me
You're my girl, you're my world
So why you looking lonesome?
Oh
You don't gotta be lonely anymore

Why, oh why? Why, oh why?
Why does she want what's gonna make her cry?
Why? Why, Madeline?

Why does she want what's gonna hurt her
Everynight? Everynight? Everynight?
Oh why? Why? Why, Madeline?

That name you call your man ain't gonna treat you right
So why you wasting all your time?
Madeline, Madeline

You belong to me
You're my girl, you're my world
So why you looking lonesome?
Oh
You don't gotta be lonely anymore

Why, oh why? Why, oh why?
Why does she want what's gonna make her cry?
Why? Why, Madeline?

Why does she want what's gonna hurt her
Everynight? Everynight? Everynight?
Why? Why? Why, Madeline?
