

## Me & Ur Ghost

Blackbear

I'm not alone  
It's just me and your ghost  
And this crippin' depression  
I thought I learned my lesson  
But, I threw out my phone  
And I burned all your clothes  
And now I'm not alone  
It's just me and your ghost

I got four red bottoms up in flames at my place now (Place now)  
I burned three Channel dresses, three words we don't say now (Say now, say now)  
And it's hard not to drink when it's the one thing I think about  
(Think about)  
It's a lot of spiders in the attic  
I don't mean to be dramatic  
But I think it's kinda tragic who we magically became now

I'm not alone  
It's just me and your ghost  
And this crippin' depression  
I thought I learned my lesson  
But, I threw out my phone  
And I burned all your clothes  
And now I'm not alone  
It's just me and your ghost

Me and your ghost  
Me and your ghost  
Me and your ghost  
Me and your ghost

Yeah  
Tell me what I'm supposed to do with all these pictures on my iPhone  
Even all them videos, only you and I know  
You never cared about me, you just care about the likes, though  
Every time you pop up, you should see my fuckin' eye roll  
I can't even kick it with the homies that we both know  
I can't even fuck with any places that we used to go  
Now all I got is the memories of us, though  
Burn it all down to the ground with your ghost

I'm not alone  
It's just me and your ghost  
And this crippin' depression  
I thought I learned my lesson  
But, I threw out my phone  
And I burned all your clothes  
And now I'm not alone  
It's just me and your ghost

Me and your ghost  
Me and your ghost  
Me and your ghost  
Me and your ghost

I wish I could take back summer nights

Erase all the vibes  
Leave the memories out to dry  
Delete forever, no archive  
Take the words you said to me  
Hold on to them intentionally  
I know that eventually  
Imma set fire to the one thing I loved the most  
Burn it all down to the ground with your ghost

I'm not alone  
It's just me and your ghost  
And this crippin' depression  
I thought I learned my lesson  
But, I threw out my phone  
And I burned all your clothes  
And now I'm not alone  
It's just me and your ghost

Me and your ghost  
Me and your ghost  
Me and your ghost (Ghost)  
Me and your ghost
