

Princess Complex

Blackbear

Why is you play that shit? I know
Your man is out there fuckin' 'round with other hoes
Why is you putting up with the bullshit?
Calling me afterwards like I know
What to do with his crazy ass
I ain't gonna fight nobody for yah
Why you callin' me like this at 3am
Wonderin' how I'm doin', oh? No

He off of work, he playin'
Leave you all alone, layin' at home, home
He off of work, just sayin'
You know he is out here with these hoes, hoes, hoes

And I want you
Now that I know I can't have you
I want you, girl
Now that I know I can't have you

But you got a princess complex
She ain't gon' play that shit
Princess complex
She ain't gon' play that shit
Princess complex
She always gets what she want
She always gets what she want
She always gets what she want
