Blackbear

One, two, three more times, press rewind
Pretty lil thing with the big behind
Every lil thing about you fly
I just wanna thank your mama one time
You must have been fuckin' with the wrong dudes for you
I could give a lesson, be a gentleman, still fuck you right

Is it really real? Is it really real?
Tell me girl, is it really feelin' that the feelin' ain't right
And all them other dudes you've been hangin' 'round lame as hel
l

Look 'em up and down, girl this ain't right
I just wanna taste you
I just wanna get you high
Is it really real? Is it really real?
Is it really real? Is it really real to you?
Is it really real? Is it really real?
Is it really real? Is it really real to you, baby?
Really, really, really?
To you, baby, to you, baby, to you
