

Role Model

Blackbear

You think that you're vogue.
From the price of your clothes
You got the lead role
Even the roads are paved with gold
And all the diamond in your shoes
Will die along with you
The world is your photo shoot
Fuck you

Won't you be my role model
Eh, won't you be my role model
Look at all the pretty-
Look at all the pretty-
Look at all the, look at all the pretty faces
Look at all the pretty faces, all the pretty-
Look at all the pretty, look at all the,
look at all the pretty faces-
Look at all the pretty faces

Think that you're vogue
Drugs in your nose
Jackets and panty hose
You're all fucking cool, yeah
Jaded, degraded,
Californicated, sedated,
All the pretty faces, yeah
Look at all the pretty faces

Won't you be my role model
Eh won't you be my role model
Look at all the pretty-
Look at all the pretty-
Look at all the, look at all the pretty faces
Look at all the pretty faces, all the pretty-
Look at all the pretty, look at all the,
Look at all the pretty face-

(Clap clap clap)
Pretty-
(Ooh fuck)
Fuck, fuck, fuck, fuck
You think that you're vogue-
Vogue, vogue, vogue, vo- vo- vogue

Won't you be my role model
Eh won't you be my role model
Look at all the pretty-
Look at all the pretty-
Look at all the, look at all the pretty faces
Look at all the petty faces, all the pretty-
Look at all the pretty, look at all the-
Look at all the pretty faces
Look at all the pretty faces

Won't you be my role model
Eh, won't you be my role model
Look at all the pretty-

Look at all the pretty-
Look at all the, look at all the pretty faces
Look at all the pretty faces, all the pretty-
Look at all the pretty, look at all the-
Look at all the pretty faces, look at all the-
Fuck you
