

# Strangers

Blackbear

I'm a fool  
I'm sitting down  
Cuz at times I know you're right there with me  
It's getting harder to love you now

You have to hear  
Just lay awake all night  
I don't know why (I don't know why, don't know why)  
I don't follow (why don't you just talk about it)  
I don't follow you (oh, you can get it from me)

Because you take my badge  
We're moving hate  
I wanna know where you're going  
Because now we're nearly strangers (what you want is what you got from me)  
Now we're nearly strangers (what you want is what you got from me)  
Girl, you gotta take control  
Before we're strangers to one another

Just strangers  
Walking through their lonely lives  
Everyone can tell it too  
We have strangers to prove  
No one's like you

I know sometimes we had it  
But I'm staying up with you  
I still love you  
I know that you're getting tired  
Of running into fights

Cuz now we're nearly strangers  
What you want is what you got from me (now we're nearly strangers)  
What you want is what you got from me  
You gotta take control  
Before we're strangers to one another

Just strangers  
Walking through their lonely lives  
Nearly strangers  
Nearly strangers
