

# Ain't Got The Blues

Blackberry Smoke

I ain't got the blues anymore  
I don't toss and turn at night, mama  
And I don't walk the floor  
Cause ever since lil mama came home  
I find what I'm looking for

I'm gonna shine  
A big sparklin' shine  
Everybody that I meet  
Is gonna be a good friend of mine  
I'm feelin' fine  
Just fine as wine  
I cant frown for grinnin'  
I can't lose for winnin'  
I ain't got the blues anymore

Son there ain't no rain on my parade  
My ends are meetin' lately I'm ahead of the game  
And brother all my bills got paid  
Cause ever since lil mama came home  
It's made right in the shade

I'm gonna shine  
A big sparklin' shine  
Everybody that I meet  
Is gonna be a good friend of mine  
I'm feelin' fine  
Just fine as wine  
I cant frown for grinnin'  
I can't lose for winnin'  
I ain't got the blues anymore

If I ain't got ten brother I got nine  
The Good Lord's smilin' down on me  
There ain't a worry on my mind  
Somethin' bout that fine lil mama  
I don't know why but she makes me wanna shine  
A big sparklin' shine  
Everybody that I meet  
Is gonna be a good friend of mine  
I'm feelin' fine  
Just fine as wine  
I cant frown for grinnin'  
I can't lose for winnin'  
I ain't got the blues anymore

I ain't got the blues anymore
