

# Medicate My Mind

Blackberry Smoke

Gimme just a minute  
I don' mean to be unkind  
Even I got limit  
One problem at a time  
Yeah these hills are gettin' high  
The way I'm goin'  
But my wheels are all in line  
I got to keep on rollin'

I'm the darkness reachin' for daylight  
I'm a spring that needs to unwind  
I'm a wreck, but everything's all right  
Just as long as I can medicate my mind  
Medicate my mind

Everybody in a hurry  
Headin' down the old track  
I ain't gonna worry  
Let it roll right off my back  
I'm a stranger to this world  
But I keep on growin'  
Life will try to put you out  
But I keep on glowin', yes I am

I'm the darkness reachin' for daylight  
I'm a spring that needs to unwind  
I'm a wreck, but everything's all right  
Just as long as I can medicate my mind  
Medicate my mind

I'm the darkness reachin' for daylight  
I'm a spring that needs to unwind  
I'm a wreck, but everything's all right  
Just as long as I can medicate my mind  
Medicate my mind
