

Sunrise in Texas

Blackberry Smoke

Somebody somewhere's waking up
With a face full of tears
Cuz everything to say has been said
There's a man in a cell staring at the walls all around
Swears somebody done put the devil in his head

There's a world goin' on
Outside the world that I'm in
I got sunrise in Texas again

Well I feel pretty good here laying in this bed
In some old town I swear to God I don't know where
Share a smile with a woman Lord I'd love to share more
I guess it's always the same old game of truth or dare

There's a world goin' on
Outside the world that I'm in
I got sunrise in Texas again

There's a young girl on the street
Ain't got no shoes on her feet
Don't know where she's gonna find her next meal
There's an old man wearing rags and he screams
"You gotta love the ones you hate" cuz the end is near
Now's the time

There's a world goin' on
Outside the world that I'm in
I got sunrise in Texas again
