

## Open Mind

Blackfield

Here's a song from an open mind  
I give it to you because I can  
And if you're thinking that it's not that kind  
It's cos my mood swings make me feel ashamed  
It can pass the time

A girl with eyes that see a hundred years  
Half remembered, this is my dream  
Spinning out from where the hole appears  
I've never seen her but I've got photographs  
It can blow your mind

An idea falls from a porcelain sky  
It won't make you rich and it won't get you high

Out of the void it comes  
From an open mind  
Out of the void it comes  
It comes from my mind
