

Hunting For Yourself

Blackfoot

What you see in me can never be mine
I will love you, girl, all of the time
Won't you please respect the memory of the girl I loved
It just won't let me be

See our love, I'll never be free
You were right, girl, said, our love would never be
It's really too bad our love can't be had
'Cause you're combin' the country huntin' for yourself

What you see in me can never be mine
I will love you, girl, all of the time
Please respect the memory of the girl I loved
Won't let me be

See our love, I'll never be free
You were right, girl, said, our love would never be
It's really too bad our love can't be had
'Cause you're combin' the country huntin' for yourself
