

# Love Like This

BlackHawk

A king would trade his finest crown  
For a love love like this  
And warriors have laid weapons down  
For a love love like this  
Hearts will break a thousand times  
For a love love like this  
And arms will wait a thousand nights for a love  
Love like this

[Chorus:]

Love may come and love may go  
But here inside your arms I know  
That only you will ever show me  
Love like this

You and I have finally found  
Love love like this  
A place to lay our burdens down  
In a love love like this  
Hearts can speak without a sound  
In a love love like this  
What makes the world keep turnin' 'round  
Is a love love like this

[Chorus]

Love may come and love may go  
But here inside your arms I know  
That only you will ever show me  
Love like this

The moon has never shown before  
On a love love like this  
And I have never wanted more than a love  
Love like this  
A love love like this [Repeat: x1]
