Drinking All Weekend

Blackjack Billy

It's only Tuesday, it's been a long week
Too much work, can't be dragging my feet
Keep my head down, shoulder to the grind
80 hours left till it's party time

I believe in drinking all weekend
Five o'clock Friday comes screaming
Give me a pool full of booze, I'll dive into the deep end
Work all week then drinking all weekend

(Hey!)

Cans in the cooler, burgers on the grill
Keep the all-day buzz going until
We head to the bar, meet up with the gang
Saturday, Sunday, here we go again

I believe in drinking all weekend
Five o'clock Friday comes screaming
Give me a pool full of booze, I'll dive into the deep end
Work all week then drinking all weekend

Some believe in
Working all the time (every day)
Some believe in
Walking that straight line
But no, not me, 'cause I

I believe in drinking all weekend
Five o'clock Friday comes screaming
Give me a pool full of booze, I'll dive into the deep end
Work all week then drinking all weekend

I believe in drinking all weekend
Five o'clock Friday comes screaming
Give me a pool full of booze, I'll dive into the deep end
Work all week then drinking all weekend

I believe in
Work all week then drinking all weekend
I believe in
Work all week then drinking all weekend

I believe in drinking all weekend
(One more time!)
